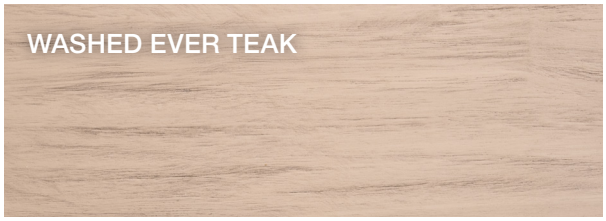
ESSENTIALS FOR LIVING®

Woven Collection

OUTDOOR | WASHED EVER TEAK



Finish Characteristics

Essentials For Living Ever Teak:

- New water-based polyurethane coated finish
- Created with a 10-step, multilayered painting process
- Kiln dried
- Features little to no change in appearance over time
- Easy to maintain
- Easy to clean
- Color consistency from batch to batch

Care & Maintenance:

Clean your furniture by gently rubbing with a soft sponge, mild soap and water. A soft-bristle brush may be incorporated for a more robust cleaning. Rinse with water and dry with a soft cloth.

Maintenance

Avoid letting water stand on the surface of your furniture or cushions. It is recommended to store cushions indoors during heavy rain or extreme weather. Teak wood expands and contracts when climate changes. Hairline cracks may appear due to natural shrinking of the wood, sometimes caused by moisture. These cracks do not affect the structural integrity of the product's frame.

Climate, exposure and commitment to care of the teak will greatly affect the rate at which your furniture's finish weathers. We recommend the utilization of outdoor-rated furniture covers to protect the finish from the elements. Do not cover your furniture with fabric that does not breathe. If the furniture is left wet, the furniture will likely develop mildew that will need to be cleaned off.

SPECIAL CONSIDERATION: The Woven Collection's Washed Ever Teak is a multi-step hand-applied finish. A wire brush is first used to distress the wood by hand before applying a polyurethane finish that is designed to resist naturally occurring wood finish changes from the outdoor elements. Due to the hand-applied nature of the finish, uneven application or uneven wire brushing is possible. Washed Ever Teak finish may fade and wear over time, and as the finish deteriorates, the natural teak underneath will become visible and gradually turn grey. The rate of this weathering will vary based on factors such as climate, exposure, and maintenance levels. To protect your furniture from the elements and minimize aging, we strongly recommend using outdoor covers.
